- Soft Skills

PROFILE

My name is Youssef El Myly, I am 23 years old, and I live in Salé Laayayda. I am currently taking a temporary break from my studies at Mohammed V University due to financial reasons. During this time, I have worked in several fields, gaining valuable experience and building a strong work ethic. I have also been developing my digital skills, which I am passionate about and eager to continue improving as I grow in my career.

WORK EXPERIENCE

SEBN MA

December 2023 - Present

Worked in the production and assembly of automotive wiring harnesses and cabling systems.

Arribat center

June 2023 - December 2023

I contributed to excellent customer satisfaction by delivering consistent service and maintaining high food quality standards.

Physics Tutor (College Level Support Courses)

2021 - 2022

Provided physics support courses for college students, simplifying complex concepts and enhancing understanding. Assisted with problem-solving and exam preparation while adapting teaching methods to individual learning styles.
